

Prayer of St Francis as tool for Reconciliation

When life is an open Channel of God's love, I'm able to sow love. Where there is hatred, pardon. Provide faith instead of doubt, along with hope and light that brings joy. When I block that channel by building a DAM, I block that flow and allow hatred, injury, doubt, despair, and darkness to enter. I find myself not understanding rather than understanding, unloving rather than loving. The prayer of St. Francis provides a good examination of one's self, as well as being an excellent channel to let the peace of God flow into our heart when we live the prayer.

Hatred/Love Injury/Pardon Discord/Union Doubt/Faith Despair/Hope Darkness/light Sadness/Joy. Seek to console, to understand, to love, seek to give pardon rather than to be pardoned. For here we are born into ETERNAL LIFE

I pray that we may become a channel for God's spirit. I pray that God's spirit may flow through us into the lives of others.
