

## AIRPORT OF LIFE

While waiting in the airport for my flight home and observing other people waiting for their flight to be called as well, I was reminded of a tape I had heard called "flight final". The tape talks about our final flight from earth to meet the Lord Jesus. It talks about how joyous that flight will be for all prepared to make it when the flight is called.

When the flight number you have is called, you will approach the gate and your baggage will be checked, never to be picked up again. The captain of the plane will be the Lord Jesus Christ. Over the planes intercom you will hear that the final destination of the flight is the beautiful city of the New Jerusalem. Your eyes will behold a sight you never realized could be so beautiful. Eye has not seen what wonders the Lord has prepared for those who love Him.

Upon landing and disembarking the flight, Mathew 25:34 tells us "Come, you who are blessed by my Father, says the Lord, inherit the kingdom prepared for you from the foundation of the world."

At birth, we were all given a ticket, flight number, date of departure. Let's pray that we will be ready to board the plane.

BLESSINGS ON ALL.....DEACON LEN
